WORK EXPERIENCE

Data Science Intern **September 2023-November 2023**

Shiash Info Solutions Private Limited, Chennai, Tamil Nadu

Artificial Intelligence **January 2025-March 2025**

Teachnook, HSR Layout, Bangalore

EDUCATION

Qualification	Institution	Board/ University	Year	Percentage of Marks / CGPA
M.Sc (Artificial Intelligence and Data Science)	Karunya Institute of Technology and Sciences, Coimbatore,Tamil Nadu 641114	Karunya University Coimbatore,Tamil Nadu,India	2024-2026	Present
B.Sc.(Computer Science, Electronics, Mathematics)	School of Electronics, Davv Takshila Parisar, Indore, Madhya Pradesh 452001	DAVV University, Indore, Madhya Pradesh, India	2020-2023	78%
SSCE (Senior School Certificate Examination) Class XII	St. Arnold's Higher Secondary School, Vijay Nagar, Indore, Madhya Pradesh	CBSE, India	2019- 2020	78%
SSE (Secondary School Examination) Class X	St. Arnold's Higher Secondary School, Vijay Nagar Indore, Madhya Pradesh	CBSE, India	2017- 2018	86%

PROJECTS

Design Of Microstrip Patch Antenna to Detect the Presence of Skin Tumor

This paper presents the design and development of a microstrip patch antenna of operating frequency 2.4 GHz for the detection of skin tumor.

Sentimental Analysis

Built a sentiment analysis system to classify text and speech input as positive or negative. Implemented speech-to-text recognition and ensemble learning models for higher accuracy. Included a sentiment comparison feature for deeper analysis using NLP techniques.

Smart Car Parking System

Designed and developed a cost-effective, automated parking system using Arduino Nano, IR sensors, servo motor, LCD, and LEDs. Enabled real-time slot detection, automated entry/exit, and efficient space utilization. Targeted for small-scale parking in schools, colleges, and residential areas.

Food Inventory Management System

Developed a web application to manage food items, minimize waste, and promote donations. Enabled both manual and voice-based item entry with audio-guided interaction for visually impaired users. Automated expiry detection and removal, and tracked inventory and donations. Designed for efficient food management in personal and community settings.

CERTIFICATIONS

NPTEL Online Certification- For Database Management System

NPTEL Online Certification- For Cloud Computing

NPTEL Online Certification- For Data Analytics Using Python

TECHNICAL SKILLS

- Database Management System (MySQL)
- C,C++
- Python
- Machine Learning
